■ Career Objective

To gain hands-on experience in software development by contributing to real-world projects.
Looking forward to working in a team where I can learn and improve my programming skills.

■ Skills

HTML, CSS, JavaScript, Python, Java, MySQL, Git/GitHub, Data Structures & Algorithms (DSA),
API Integration

■ Projects

■■ Weather Forecast Website	Built a weather app using HTML, CSS, and JavaScript with API integration to fetch weather data.
■■■ Student Management System	Developed using Python and MySQL to handle student records efficiently.
■ Personal Portfolio Website	Designed a responsive portfolio website using HTML, CSS, and JavaScript to showcase projects.

■ Certificates

- Full Stack Software Development (IBM)
- Git & GitHub Essentials
- Databases and SQL for Data Science with Python (IBM)

■ Strengths

- Curious and eager to learn new technologies quickly
- Comfortable using AI tools and online resources to solve problems
- Able to complete tasks with focus and consistency
- Good at understanding concepts once explained and applying them in practice
